Code Requirements: California Residential Code Section R314.3.1 states in part that existing dwellings shall be provided with smoke detectors when alterations, repairs, or additions requiring a permit occur.

I, the undersigned, hereby certify that I am the owner and occupant of the above referenced property. I further certify that smoke detectors are present and functional in all the following locations:

- On the ceiling or upper portion of the wall outside of each separate sleeping area in the immediate vicinity of the bedrooms (one in each hallway outside of the rooms).
- In each room used for sleeping purposes.
- On each level of the home.
- That the smoke detectors are less than 10 years old based on the date of manufacture.

California Residential Code Section R315.2 states in part that carbon monoxide detector(s) shall be provided when the total cost of repairs or alterations exceeds \$1,000. I certify that carbon monoxide detectors have been installed:

- On every level of the home in a central location.
